MEMORANDUM FOR: Director of Security

25X1A9a

Attention: [REDACTED]

Deputy Director of Security

25X1A5a2

SUBJECT : DD/S&T Proposal for the Establishment of a Contract with [REDACTED] for a Stress Measurement Program to Quantify the Physiological Responses from the Polygraph, Etc.

1. Before endorsing the attached proposal to the Executive Director, we would like to rest assured that the proposal has the complete endorsement of the Office of Security and something slightly more concrete than the assurances that it is "currently being coordinated with the Office of Security", as the covering memorandum suggests. We would appreciate not only your endorsement of the proposal, but also some comment as to whether or not it is within your long-range plans that such a device would be used in the processing of staff employee applicants.

2. Would appreciate your returning the attachment, with your comments, to this office.

25X1A9a

[REDACTED]  
Acting Director  
Budget, Program Analysis,  
and Manpower

Attachment:  
(As stated above)
